User Story for SurveyMaster

Comprehensive Survey Platform

As a User,
I want to easily create, participate in, and manage surveys,

so that I can gather valuable feedback and insights on various topics.

As a Registered User,
I want to have a seamless and intuitive experience when creating surveys,

so that I can efficiently design surveys that collect the data I need.

As a Participant (Registered or Anonymous),
I want to quickly find and take surveys on topics of interest,

so that I can share my opinions and contribute to the data collection efforts of others.

As a Administrator,
I want to have control over survey management and user activities,

so that I can ensure the quality and integrity of the survey platform.

Detailed User Stories

1. As a new user,
I want to register for an account,

so that I can create and participate in surveys.

2. As a returning user,
I want to log in to my account,

so that I can access my surveys and participation history.

3. As a logged-in user,
I want to log out,

so that I can securely end my session.

4. As a registered user,
I want to create a new survey by providing a title, description, and multiple questions with answer choices,

so that I can collect data on specific topics.

5. As a registered user,

I want to add, edit, or remove questions and answer choices within my survey,

so that I can ensure the survey is correctly formatted and comprehensive.

6. As a registered user,

I want to submit my survey for public participation,

so that I can start collecting responses from participants.

7. As a registered user,

I want to view and delete the surveys I have created,

so that I can manage my surveys efficiently.

8. As a participant (registered or anonymous),

I want to view a list of available surveys,

so that I can choose which surveys to participate in.

9. As a participant (registered or anonymous),

I want to complete a survey by answering all the questions,

so that I can submit my responses.

10. As a participant (registered or anonymous),

I want to see a confirmation message after submitting my responses,

so that I know my participation was successful.

11. As a participant,

I want to view the results of surveys I have participated in,

so that I can see the aggregated feedback and insights.

12. As a survey creator,

I want to view detailed results of my surveys,

so that I can analyze the collected data.

13. As a administrator,

I want to manage user accounts and their activities,

so that I can maintain the quality and security of the platform.

14. As a administrator,

I want to monitor and moderate surveys and responses,

so that I can ensure compliance with platform guidelines and standards.

Acceptance Criteria

- Registration: New users can create an account with a unique username and password. Passwords are securely stored.

- Login: Returning users can log in with their credentials.

- Survey Creation: Registered users can create surveys with a flexible number of questions and answer choices.

- Survey Participation: Both registered and anonymous users can participate in surveys.

- Survey Results: Survey creators and participants can view aggregated results.

- Administration: Admins can manage users and surveys, ensuring platform integrity.
